INFO.

E has scored again.

He has turned up the fact that there is a file on UJDREADFUL, the KGB? penetration of the BND, in the Berlin Documents Center.

E has initiated procurement action. I called E

C/EE/O/CE and he was surprised to learn there was such a file.

It would seem that the people in the field who were supposed to investigate UJDREADFUL to the bottom did not check the self-evident Berlin Docs Center.

Possibly they did, but there is no record in E's memory, and he has a pretty good one.
